

Proven Weight Loss for your Practice with HCG Drops

Patients Lose 10-40 Lbs of Weight With HCG Drops & You Make Money!

___YES, Dr. Kenna and Dr. Erich count me in. I'm ready to distribute your proven HCG drops in my office and add more revenue to my current practice as soon as you process my application.

HCG (Human Chorionic Gonadotropin) is the oldest, most tested 'NEW' weight loss program in the world today. Dr. Simeon began this work in the 1930's studying how HCG works in the body. By the mid 1950's, he'd created the most dramatic and safe weight loss program in the world. Used by the 'rich and famous' for years during holidays in Europe, Dr. Simeon was able to help thousands and thousands of people lose their weight - at a rate of 1 to 2 lbs per day, while doing injections of HCG and incorporating a low calorie diet. Now you can lose 10 to 40 lbs or more in his 23 or 40 day program.

Fast forward 60 years to the present day... there is a new way of using HCG..."homeopathic" HCG. Now anyone can do HCG drops instead of shots and lose the same amount of weight or more as you would with injections. This homeopathic HCG has added support for thyroid, adrenal exhaustion and flower essences to truly make it a one-of-a-kind weight loss product that is now available to Practice Wealth members. It's easy to use and the patients love the fast results. It's also incredibly easy to implement the HCG drops into your practice with a downloadable website full of information with the original 'Pounds and Inches' by Dr. Simeon, so anyone can read and understand the protocols. There is also a nine page document tutorial that shows your patient exactly how to take HCG and how to cook and eat correctly, recipes that make it easy and great tasting, plus more video tutorials and everything they need to quickly lose weight.

This HCG product retails currently at between \$75 - \$199.00 per bottle. It is available to Dr. Erich members for \$35.00/bottle. They can be ordered by the case only which is 12 bottles. A 23 day program requires 2 bottles and a 40 day program requires 3 bottles, so plan accordingly. Everyone can more easily think of the dozen people that don't need HCG, as compared to all the people in your practice that do need HCG. This is the quickest an easiest way to get your weight loss program off the ground and making you money. It's simple and easy to implement.

Doctors that were at the Boot Camp in Dallas have already sent in testimonials on how easy this HCG program can be implemented and how quickly it brings in huge numbers of people, creating a nice, steady additional cash flow. As an additional bonus, we will get you all the necessary implementation paperwork and videos for free!

"Thank you so much for getting me the information on the HCG drops! They are flying off the shelf in our office! We have patients losing 8, 10, even 15 pounds in the first week! I personally lost 15 Lbs. It works. And when I talked with Dr. Vennekamp's office, they were very helpful. This is a great back-end product for our office! Thanks again!" **Dr. Lockerman**

"Just ordered another 12 cases, I can't keep up they are going out the door faster than I can get them."

Dr. Naota
